1. Significant Accounting Policies

Important accounting policies are followed by the Municipal Corporation in respect of accounting for its transactions and in the preparation and presentation of the Financial Statements as prescribed in the Maharashtra Municipal Account Code (MMAC). All the policies followed are disclosed below as per MMAC.

2. Basis of Accounting

The financial statements are prepared on a going concern and under historical cost basis under accrual basis of accounting, unless stated otherwise. The method of accounting followed is the accrual base double entry accounting system.

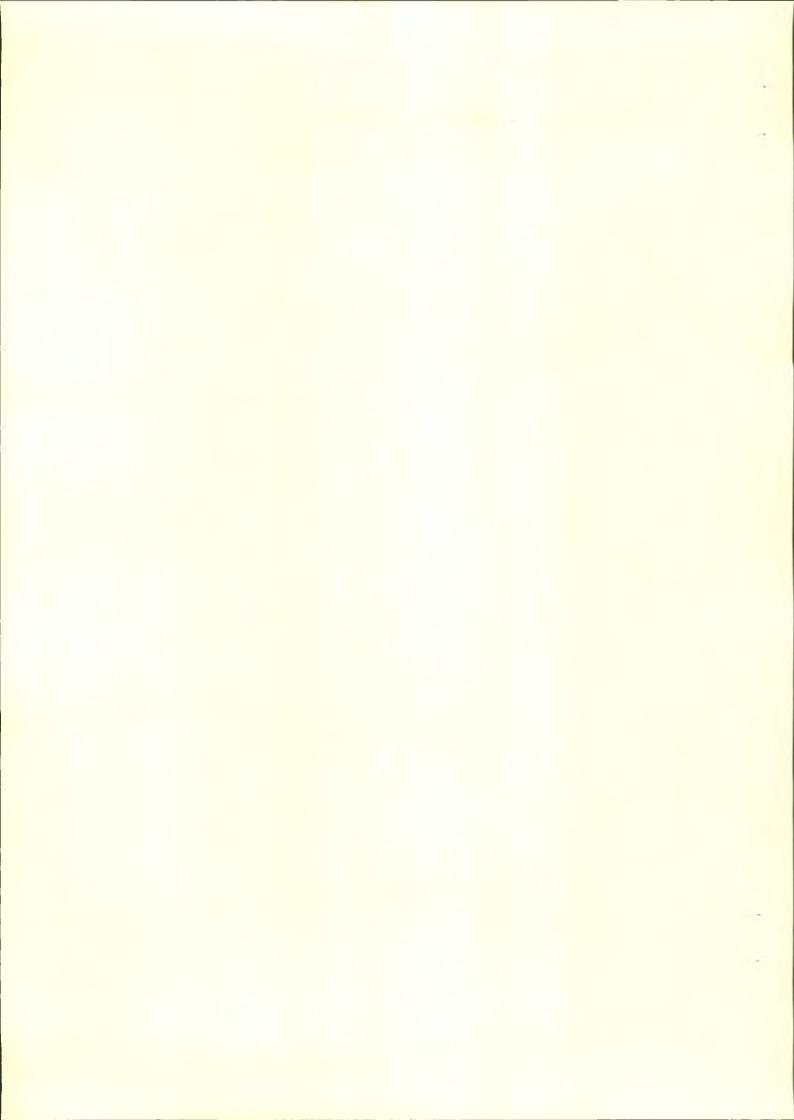

3. Fixed Assets

I Recognition

a. All Fixed assets are carried at the cost less accumulated depreciation. Fixed assets are recorded at cost actually incurred in order to make the asset ready to be put to use. This cost includes ancillary charges e.g. freight, insurance, site preparation etc., which are necessary to place the asset into its intended location and condition for use.

In case of assets which are in use and whose cost cannot be ascertained from records Re. 1 is by default treated as the historical cost. If assets are received on concessional rate the same are accounted for on the basis of acquisition cost. If the assets are acquired at free of cost the same are recorded at nominal value of rupee one.

- b. All assets costing less than Rs.5000/- are depreciated at 100% in the year of purchase.
- c. Any fixed asset, which has been acquired free of cost or in respect of which no payment has been made, is recorded at nominal value of Rs. 1/- or its cost is measured at fair value as at the date of acquisition.

- d. Fixed assets may be disposed of by way of transfer or disposition or retirement of the asset. The surplus or deficit if any, on disposal of fixed asset with reference to the Written down Value is transferred to the income & expenditure statement
- e. Expenditure on capital assets, which are in the process of construction erection, installation but not considered ready for use, is recorded under the head 'Capital Works in Progress'.

II Depreciation

- a. Depreciation is charged on the fixed assets as per the Straight Line Method (SLM) at the rates prescribed in Appendix II. The Depreciation rates are applied to the Group of assets in a class and not to an individual asset.
- b. No depreciation is provided on Land, as the same is non-depreciable asset.
- c. In case of assets capitalised during the year out of capital work in progress, where date of completion of assets is not determinable accurately depreciation is provided by applying the rates of full year.
- d. Rate of Depreciation adopted for Providing Depreciation on Fixed Assets of a Municipal Council are as follows as per MMAC

Sr.	Category of Assets	Type of Asset	Rate of
No.		included in	Depreciation
		Category	
1	Land	Land	0
2	Building	Building	6.66%
3	Infrastructure Asset	Roads and	6.66%
		Bridges,	
		Sewerage &	
		Drainage,	
		Waterways	

4	Plant & Machinery	Plant & Machinery	10%
5	Electrical Installations	Generator Plant, Public	15%
6 (a)	Vehicles	Lighting Commercial Vehicles (Like Buses, Dumpers etc.)	20%
6 (b)	Vehicles	Other Vehicles	15%
7	Office Equipments, Computers and peripherals		20%
8	Furniture & Fixtures	Furniture, Fixtures, fittings and electrical appliances	15%
9	Intangible Assets	Computer Software License etc.	20%

III Revaluation of Fixed Assets:

- a. Fixed assets are recorded at cost less depreciation till date. If revalued, the increase in net book value arising on revaluation is being credited to a reserve account under the respective fund as 'Revaluation Reserve'. A decrease in net book value arising on revaluation of fixed assets shall be charged to Income and Expenditure account under the head "Loss on Revaluation of Fixed Asset".
- b. If the Municipal Council revalues its fixed assets, depreciation is being provided on the basis of the revalued figures. The amount of additional depreciation arising due to revaluation of asset to be transferred to the Income and Expenditure Account from revaluation reserve account.

4. Investments

- a. All investments are initially recognized at Cost. The cost of investment includes cost incurred in acquiring the investment and other incidental expenses incurred for its acquisition.
- b. Long-term investments are valued at cost, including acquisition charges such as fees, brokerage, duties etc. If there is any decline in the value of investment which is considered to be other than temporary in nature, it is reduced from the cost of investment and is debited to the Income and Expenditure A/C. Any appreciation in market value of both short-term and long-term investments over the cost of investments is ignored.
- c. If the appreciation is in respect of investments for which provision for diminution in value or fall in value was made in earlier years, the value of the said investments are appreciated by an amount not greater than the provision for diminution / fall in value made in earlier years.

5. Inventories

Inventory reported to be by Municipal Council as per details not available with us.

6. Loans & Advance

Loans and advances paid or payable are recognized as and when sanctioned. They shall be accounted as assets of the Municipal Council.

7. Loans & Borrowing cost

- a. The entry in respect of amount borrowed is made in the books of accounts on receipt of the money borrowed.
- b. The Municipal Council may incur expenses such as security creation fees, stamp duty etc. for raising of loans or for issuing debentures or bonds. These expenses connected with the raising of long-term loans is to be amortized over a period of 5 years or the tenure of loan whichever is lower. Borrowing costs so amortized are fully written off if

loans have been pre paid or premature redemption of debentures has been made.

c. Borrowing cost is recognized as revenue expenditure on accrual basis except in the case of fixed assets.

8. Deposit Received

Deposits received are recorded as a current liability under the head deposits.

9. Grants

- a. General Grants, which are of revenue nature, are recognized as income on actual receipt.
- b. Grants towards revenue expenditure received prior to the incurrence of the expenditure is treated as a liability till such time that expenditure is incurred.
- c. Grants received or receivable in respect of specific revenue expenditure is recognized as income in the accounting period in which the corresponding revenue expenditure is charged to the Income and Expenditure Account.
- d. Grants towards capital expenditure are treated as a liability till such time that fixed asset is constructed or acquired. On construction or acquisition of a fixed asset out of grants so received the value of the asset so constructed or acquired shall stand reduced by the amount of Grant utilized. The grant earlier reflected as a liability is also being correspondingly reduced.

10. Receivables and Provision against receivables (Property and Other Taxes)

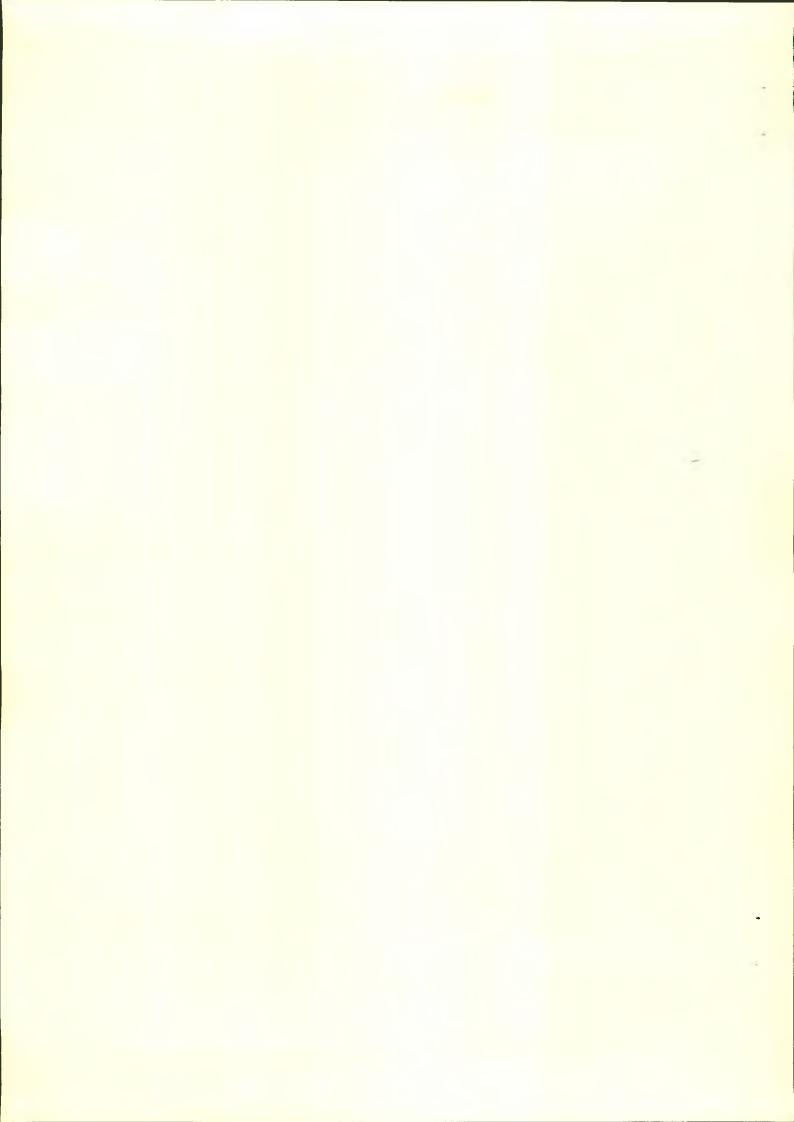

a. Entry in respect of tax receivable is made as & when demand in respect of the same is raised.

- b. Cess collected is treated as a liability for payment to the authorities. The collection charge available to the Municipal Council for Cess collection is taken as income, and reduced from the amount payable to the authorities.
- c. When two or more installments of taxes or other municipal dues are recoverable from a party and when payment of only one installment is received it is credited against earliest installment due.
- d. Prudential norms are applied based on type of income and age of receivable. Based on the policy on provisioning, incomes that have been accrued and are doubtful of recovery are provided for.
 - i. For any demand that is outstanding beyond 2 years, provision to be made in the demand based on the following provisioning norms:
 - Outstanding for more than 2 years but not exceeding 3 years: 25 per cent
 - Outstanding for more than 3 years but not exceeding 4 years: 50 per cent (Additional 25 per cent)
 - Outstanding for more than 4 years but not exceeding 5 years: 75 per cent (Additional 25 per cent)
 - Outstanding for more than 5 years: 100 per cent (Additional 25 per cent)

11. Receivables and Provision against Water Charges

- a. Revenue in respect of water charges, connection charges is recognized in the period for which demand is raised.
- b. Amount in respect of re-connection charges, water tanker charges, damage recovery charges and penalties in regard to water charges are being recognized as and when they are actually received.
- c. In respect of the demand for water charges outstanding beyond 2 years, provision to be made in the demand based on the following provisioning norms:
 - Outstanding for more than 2 years but not exceeding 3 years: 50 per cent

• Outstanding for more than 3 years: 100 per cent (Additional 50 per cen

3. Notes to the Accounts

Background

As a part of parallel run for accrual based double entry accounting system under Maharashtra Municipal Accounting Reform Project the available accounting data for FY. 2013-2014 was from Corporation Software. The Financial Statements presented herewith are the outcomes of this Parallel Run. The quality and reliability of the financial statements presented herewith are dependent upon and subject to the quality and reliability of available accounting input supplied by the municipal council to the parallel run.

3.1 Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles, guideline of MMAM requires municipal council to make estimates and assumptions that affect the reported balances of assets and liabilities and also disclosures relating to contingent liabilities as at the date of financial statements and reported such estimates relied upon includes provisions on Tax Receivables, useful lives of fixed assets etc. Differences between the actual result and estimates are recognized in the period in which the results are known/materialized.

3.2 Recognition of Revenue

A. Revenue in Respect of Advertisement Rights:

In case of revenue from Advertisement Rights has been accounted on accrual basis.

B. Revenue in respect of Trade License Fees:

In case of revenue in respect of Trade License fees as demand is not raised in regular course of operations, same is recognized on actual receipt basis.

C. Revenue in respect of Rent from properties:

In case of revenue in respect of Rent from Properties as demand is not raised in regular course of operations, same is recognized on accrual basis.

3.3 Recognition of Expenditure

A. Borrowing cost

Interest expenditure was accounted on accrual basis in case where confirmation received from the party otherwise the same was accounted on cash basis. There were no record of original loan amount, rate of interest and other rescored and since long interest are not provided in books of account hence borrowing cost is accounted on cash basis.

B. Employee benefits

Gratuity and liability for bonus accrued for the year has not been provided. The same is considered on payment basis. During the year following payment was made against the retirement benefit /gratuity.

During the year municipality paid E.P.F. Contribution of Rs NIL/-and Death cum Retirement Gratuity of Rs NIL/-

3.4 Depreciation on Fixed Assets

A. Rate & Manner

Depreciation is being charged on the fixed assets as per the Straight Line Method (SLM) at the rates prescribed in Appendix II. The Depreciation rates are applied to the Group of assets in a class and not to individual asset.

In case of Fixed Assets created out of grant fund or transferred from WIP to respective Fixed Assets, depreciation is calculated on the concept of "PUT TO USE" basis & where exact details are not available for the 180 days.

B. Accounting Treatment & Disclosure thereof

Depreciation provided during the year on fixed assets are credited to accumulated depreciation account, the balance whereof is carried over to next year.

C. Fully depreciated assets

Assets which have been fully depreciated but still in active use by the municipal council are disclosed in financial statements at gross value along with accumulated depreciation thereon. Such assets are written off only when formally recognized as an item of scrap due to its retirement from active use by the municipal council.

3.5 Provision against receivables:

As the Municipal Council does not have detailed bifurcation which is required it is very difficult for us to identify the ageing. Based on the information given by the Council all the receivables are less than three years and hence as per the MMAC norms we cannot make provision for the doubtful debts for the same.

3.6 Inventories

Inventories consist of different types of stores and spares consumed by the different departments of municipal council for providing various types of services viz. Water, Sanitation, Health, Public Transportation, Street Lighting etc. Generally, most of the purchases are need based and are directly expensed to revenue accounts. Hence the Inventory is showing NIL balance during the year.

3.7 Treatment of Grants

A. Opening Balances of Grants

Opening balances of grants have been taken from the closing balances of accounts for the year ended on 31.03.2013

B. Additions/deductions during the year

Grant received from government agencies are credited directly to respective Grant fund liability account and expenditure incurred there from is debited to respective expenditure control account "expenditure against grant". At the Year end, accumulated balances in control accounts are transferred to individual Assets /capital work in

progress/specific revenue expenditure accounts as the Case may be. On the other side, funds equal to capital expenditure incurred during the year against grants are transferred to capital contribution from grant liability. Whereas funds equal to revenue expenditure incurred against grants are transferred to revenue grants from grant liability.

In several cases where any revenue expense incurred by Municipal Council in regular course of activity is met by grant fund the expenditure is directly charged to concerned expenditure account instead of First charging it to expenditure control account and then transferring it to revenue.

C. Interest on grant funds

Interest received on fixed deposit/saving/term bank account maintained for specific grant wise funds are directly credited to respective grant fund accounts.

While in case of interest received on the grant fund which is credited to the own fund accounts are credited to the respective bank accounts.

3.8 Classification of bank FDRs

Municipal Council has parked idle own fund as well as grant funds into several short Term bank deposits of which deposits having maturity period less than twelve Months are classified as other current assets in the financial statements.

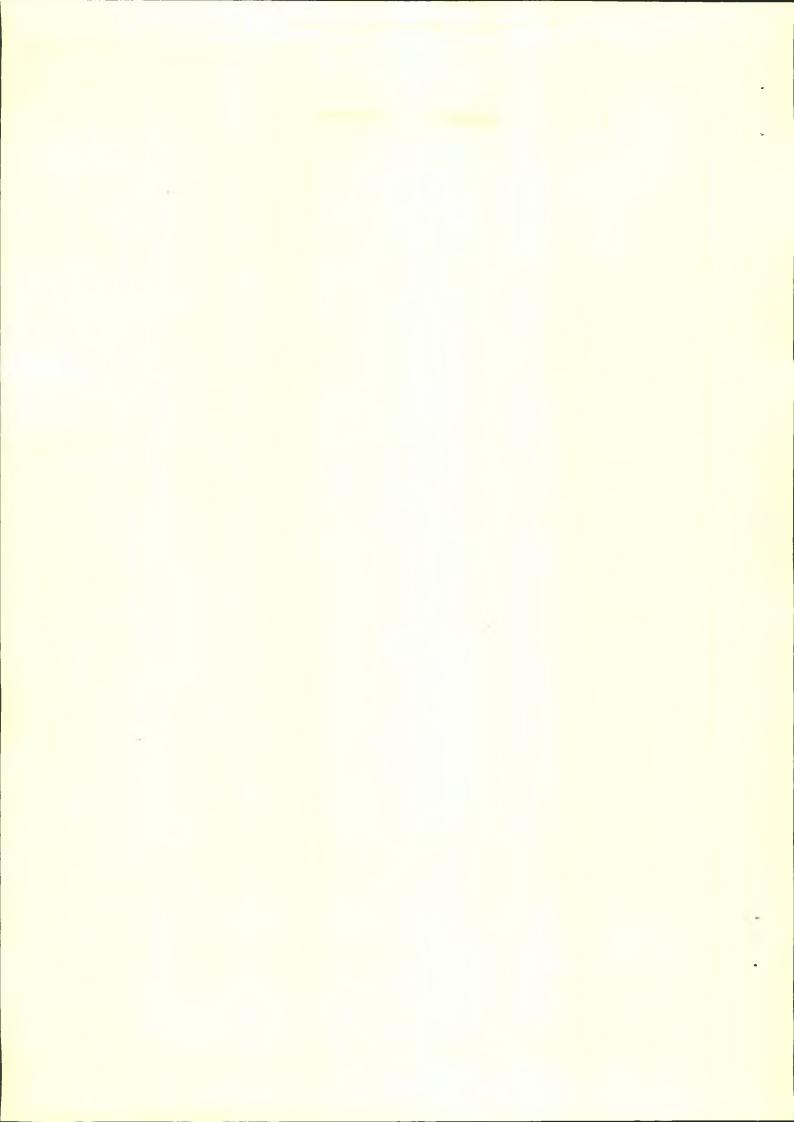

Interest earned on bank deposits made out of surplus; out of own fund as well as of grant funds is accounted on cash basis as the details of FD are made not available to us for verification.

3.9 Other Disclosures.

1. (A). The Municipal Council has not maintained a separate register for the security Deposit, Earnest Money Deposit, Retention Money, Drainage Deposit, Waterworks Deposit, Octroi Deposit, Performance Guarantee, and Security Deposit etc. Further that it has not updated the records of whatever deposits maintained by it. Hence the liability in respect of unclaimed deposits disclosed in the Balance Sheet is only to the extent of availability of information from whatever records available in that respect.

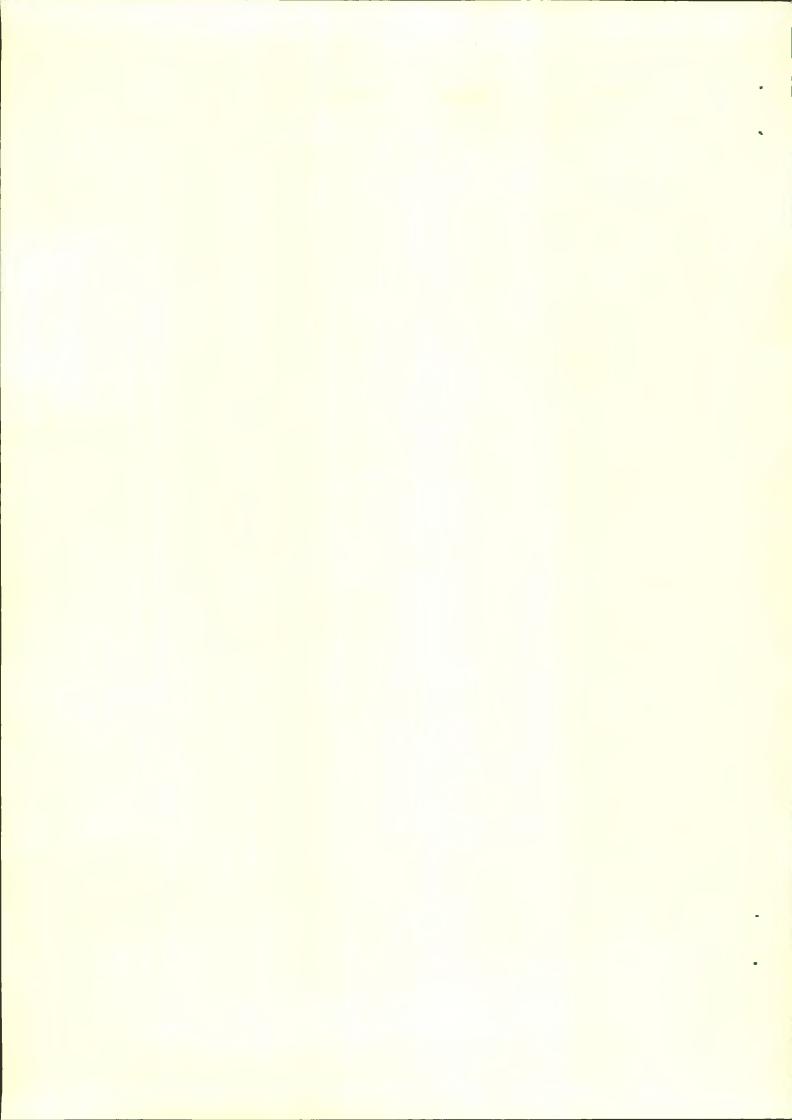

- (B). Further that it has not maintained any record of Security or other deposits received in the form of Bank FDR.
- 2. The municipal council is yet to undertake a formal exercise to identify the time barred claims with respect to outstanding deposits/credit balance at year end keeping in view special provision under municipal enactments, if any, as well as general law in this regard and cleanup its liability against outstanding deposits to that extent by forfeiting eligible deposits.
- 3. The Municipal Council has not maintained unpaid/pending bills register. Hence Revenue expenditure incurred during the year but not paid for could not have been included in the Financial Statements. However, Provision has been made for the expenditure incurred for the year base on the cash book verification and documentary evidence provided up to the cutoff date 31st may of the next year. As per MMAC Salary outstanding for more than three months shall not be shown in salary payable account, it shall be shown under unpaid salary. It has been established from the records of Council that salary is paid on regular basis and nothing is outstanding except March 2013 Salary paid in April 2013.
- 4. Municipal Council has not formed separate funds for meeting the pension and other retirement benefits including Gratuity and Leave encashment.
- 5. Provisions, contingent Liabilities & Contingent Assets involving a substantial degree of estimation in measurement are recognized when there is present obligation as a result of past events and it is probable that there will be an outflow of resources. Though as per information provided by the municipal Council there are no contractual liability or future obligation which can arise any contingency.
- 6. Municipal Council has taken loans from World Bank During the year and details of repayment of principal, interest and outstanding at the year end are not available. Hence Interest on the loan is not provided in the books of accounts.
- 7. Grant Register is regularly maintained by the Municipal Council. As the grant funds receipt and payment transactions are not strictly effected through the designated banking account only, individual reconciliation of unutilized grant funds and related bank balance is not practical. Base on the nature of expenditure we have accounted the grant data in books of accounts.

- 8. In the opinion of appropriate authority of municipal council "Current Assets Loans & Advances" have a value on realization, in the ordinary course of activity, at least equal to the amount at which they are stated in these financial statements.
- 9. In absence of necessary information or record of security deposits lying with telephone service provider, if any, against telephone connections currently in use by the municipal council, as well as security deposits lying with electricity Supply Company against electric connections of the municipal council could not be ascertained and consequently not recognized in these financial statements.
- 10. In case of Security Deposit from contractors are made in name of chief officer PIMPRI CHINCHWAD MUNICIPAL CORPORATION A/c Contractor and interest received on the same are taken by the contractor hence Interest accrued on said FDR are not taken into the account.
- 11. Debit / Credit balance in Loans & Advances, Balances of sundry creditors & debtors are subject to confirmation / reconciliation and Consequent modifications, if any.
- 12. Accounting of the municipal council was done base on the source document provided to us during the period of accounting. If the same is change after our accounting the financial statements prepared by us are not presented true and fair view to the extent.
- 13. During the year following items consider as Prior Period.

Sr. No	Ledger Head	Dr.	Cr.	Reason for Accounting Entry
_	NIL			
	NIL			
	NIL			
	NIL			

14. These being the ground realities, there might be possibility that these financial statements may not cover assets/liabilities existing at balance sheet date, if any, but unknown to the appropriate authority of the municipal council. Any error or omission is noticed it shall be incorporated by making an adjustment through an 'Opening balance sheet adjustment A/C. To that extent, these financial statements are not

showing true and fair view of state of affairs of the municipal council as on reported date.

- 15. Previous year figures were regrouped or rearranged were ever required.
- As this report is provided on provisional basis as confirmations, reports, disclosures, registers are yet to be confirmed with the data worked for ABAS report.
